PROFESSIONAL SUMMARY

Goal-driven MCA candidate and Java Full Stack Developer with strong foundations in **Core Java (Collections, Multithreading, OOP), Spring Boot 3, Spring Data JPA/Hibernate, and React.js**. Experienced in designing relational **MySQL schemas, building secure RESTful microservices with Spring Security/JWT, and automating tests via JUnit 5 and Mockito**. Proven track record building end-to-end web applications with **Maven, Docker, and Swagger/OpenAPI**, leveraging AI-powered retrieval integrations as a modern engineering differentiator.

EDUCATION

KSR College of Engineering — Master of Computer Applications (MCA) **Aug 2025 – Expected May 2027**
Tiruchengode, Tamil Nadu, India *CGPA: 8.96*

Amity University — Bachelor of Computer Applications (BCA) **Jul 2022 – May 2025**
Noida, Uttar Pradesh, India *CGPA: 8.67*

TECHNICAL SKILLS

Core Java & Languages: Java (21/17 — OOP, Collections, Multithreading, Exception Handling, Streams), SQL, Python, JavaScript (ES6+), HTML5, CSS3
Backend & Java Enterprise: Spring Boot 3, Spring Data JPA, Hibernate ORM, Spring Security, JDBC, RESTful Web Services, Microservices, Maven
Frontend Development: React.js, Vite, Tailwind CSS, Single Page Applications (SPA), Context API, Component Architecture, State Management
Databases, Cloud & Tools: MySQL (Relational Schema Design, Indexing, Joins, ACID), MongoDB, Docker, AWS Foundations, Git, GitHub, Swagger/OpenAPI, Postman
Methodologies & Quality: Data Structures & Algorithms (DSA), JUnit 5, Mockito, MockMvc, Agile/Scrum, SDLC, Clean Code, Code Reviews

WORK EXPERIENCE

CubeAI Solutions Pvt. Ltd. **Feb 2026 – Jul 2026**
Software Developer Intern (Remote) *Bengaluru, India*

- **Developed 15+ full-stack modules and RESTful endpoints** using React.js, Node.js, Express.js, and MongoDB, reducing page-load latency by 30% through modular component state management.
- **Architected high-throughput backend services and vector retrieval pipelines** in Python and FastAPI, handling 1,000+ document queries with sub-500ms semantic search latency.
- **Integrated Google Gemini LLM APIs** with structured prompt engineering and automated fallback handlers, eliminating request failure rates during peak workloads.
- **Containerized application microservices with Docker**, creating multi-stage build workflows that reduced deployment artifact sizes by 45% across development environments.
- **Enforced enterprise-grade security and input sanitization**, implementing stateless JWT authentication, CORS policies, and role-based authorization to safeguard customer data.

PROJECTS

AI Resume Analyzer & Job Match Platform | ***Java 21, Spring Boot 3, React 18, MySQL, Spring Data JPA*** **Live Demo | GitHub**

- Built full-stack ATS evaluation platform parsing PDF/DOCX resumes via Apache Tika with magic-byte binary security and an explainable 60/20/20 scoring algorithm across a 67+ skill taxonomy.
- Implemented Spring Data JPA persistence layer with MySQL indexing and HikariCP connection pooling; verified backend reliability with 31 automated JUnit 5/MockMvc tests (100% pass rate).

Luxe: Premium E-Commerce & Admin Platform | ***React 19, Node.js, Express.js, MongoDB, REST APIs*** **Live Demo**

- Architected responsive e-commerce web application with persistent cart state, dynamic catalog filtering, and 12+ RESTful CRUD endpoints documented via Swagger/Postman.
- Implemented administrative portal featuring Role-Based Access Control (RBAC), real-time inventory management, and BCrypt encrypted password hashing.

LendSwift: Digital Loan Origination & Validation Engine | ***React, Vite, JavaScript, JSON Schema*** **Live Demo**

- Engineered an 8-stage digital lending origination platform with dynamic schema validation, masked KYC inputs, and complex form state management to ensure 100% payload integrity.
- Integrated automated form field formatting, interest rate calculations, and client-server validation preventing corrupt transaction submissions.

CERTIFICATIONS

- **Java Programming** — Great Learning (2024)
- **AWS Academy Cloud Foundations** — AWS Academy (2025)
- **Full Stack Web Development** — InternsElite (Credential ID: FSWD/26/A4/TC-19426)
- **AI & Machine Learning with Python** — InternsElite (Credential ID: AIML-PY/26/A6/TC-19304)
- **Cybersecurity Awareness & AI Foundations** — HP LIFE (2025)
