PROFESSIONAL SUMMARY

Full-Stack Developer with hands-on experience engineering scalable web applications and intelligent AI systems using **Java 21, Spring Boot 3, React.js, and Python (FastAPI)**. Experienced in designing robust RESTful APIs, relational databases (MySQL, Spring Data JPA/Hibernate), and semantic retrieval pipelines (RAG, ChromaDB, Google Gemini API). Combines core software engineering principles—clean architecture, automated testing (JUnit 5, Mockito), and containerization (Docker)—with cutting-edge generative AI to deliver reliable, high-performance software.

EDUCATION

KSR College of Engineering — Master of Computer Applications (MCA) **Aug 2025 – Present (Expected 2027)**
Tiruchengode, Tamil Nadu, India ***CGPA: 8.96***

Amity University — Bachelor of Computer Applications (BCA) **Jul 2022 – May 2025**
Noida, Uttar Pradesh, India ***CGPA: 8.67***

TECHNICAL SKILLS

Core Languages: Java (21/17), Python, JavaScript (ES6+), SQL, HTML5/CSS3

Frameworks & Backend: Spring Boot 3, Spring Data JPA, Hibernate, React.js, Next.js, Node.js, Express.js, FastAPI

AI & Data Engineering: Agentic AI Workflows, LLM APIs (Google Gemini), RAG Architecture, ChromaDB, Semantic Search, Prompt Engineering

Databases & DevOps: MySQL, MongoDB, Docker (Containerization), Git, GitHub, RESTful APIs, Postman, Maven, Linux

Software Engineering: Data Structures & Algorithms (DSA), OOP, Unit Testing (JUnit 5, Mockito), System Design, Agile/Scrum, Problem Solving

WORK EXPERIENCE

CubeAI Solutions Pvt. Ltd. **Feb 2026 – Jul 2026**
AI Full-Stack Developer Intern (Remote) *Bengaluru, India*

- Built responsive user interfaces and engineered **15+ RESTful endpoints** using React.js, Next.js, Node.js, and Express, linking frontend workflows to low-latency backend services.
- Architected a vector search retrieval pipeline for ProposalFlow AI using **Python, FastAPI, and ChromaDB**, achieving sub-second semantic querying and reducing document retrieval latency by **30%**.
- Integrated **Google Gemini LLM APIs** with dynamic prompt templates and built-in offline fallbacks to automate intelligent document summarization and proposal drafting.
- Collaborated in an Agile environment to containerize microservices using **Docker**, standardizing local development and streamlining CI/CD deployment pipelines.

PROJECTS

AI Resume Analyzer & Job Match Engine | *Spring Boot 3, Java 21, React 18, MySQL, Gemini API* **Live Demo | GitHub**

- Engineered a full-stack platform parsing PDF/DOCX resumes via Apache Tika with magic-byte validation and an explainable 60/20/20 scoring algorithm evaluated against 67+ industry skills.
- Integrated Google Gemini 1.5 Flash with offline heuristic fallbacks to generate Google XYZ-formula bullet rewrites; secured with **31 automated JUnit 5 and MockMvc tests**.
- Implemented persistent candidate analytics and audit logs with Spring Data JPA and MySQL, deploying containerized instances with Docker.

ProposalFlow AI: Semantic Retrieval & Agentic System | *Python, FastAPI, ChromaDB, Docker* **Portfolio Project**

- Developed a high-throughput retrieval backend using **ChromaDB vector embeddings** and cosine similarity to index and semantically query enterprise proposal documents.
- Packaged asynchronous FastAPI microservices with multi-stage **Docker** builds, ensuring lightweight execution, rapid cold-starts, and reliable production deployment.

Luxe: Full-Stack E-Commerce & Admin Platform | *React 19, Node.js, Express.js, MongoDB, Vite* **Live Demo**

- Architected an end-to-end shopping platform featuring real-time cart persistence, responsive UI design, and modular REST APIs handling catalog and transaction data.
- Implemented an administrative management portal with **JWT and BCrypt authentication**, role-based access control (RBAC), and secure CRUD operations for product inventory.

CERTIFICATIONS

- **Java Programming** — Great Learning (2024)
- **Full Stack Web Development** — InternsElite (2025)
- **AI & Machine Learning with Python** — InternsElite (2025)
- **AWS Academy Cloud Foundations** — AWS Academy (2024)
- **AI Foundations & Cybersecurity Awareness** — HP LIFE (2024)
